

Allez mon troupeau

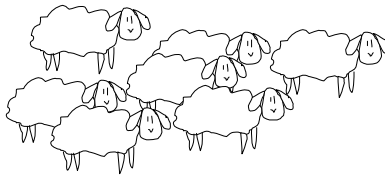

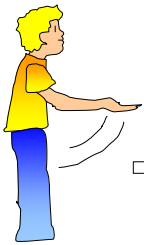

1. Ce soir, la lune est belle et, au creux des chemins,

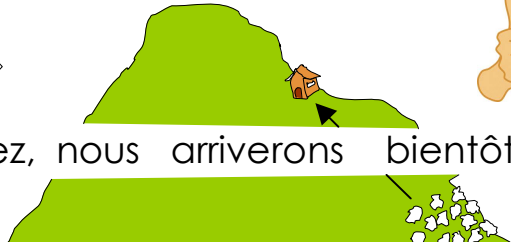

Je sens l'herbe nouvelle. Le printemps n'est pas loin.

Sous la dernière neige, bondissent les ruisseaux.

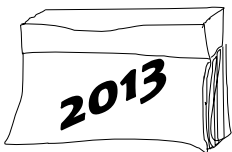

Allez, allez, allez, allez mon troupeau.

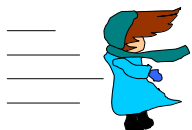

Allez, allez, nous arriverons bientôt.

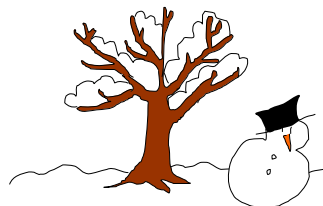

Refrain

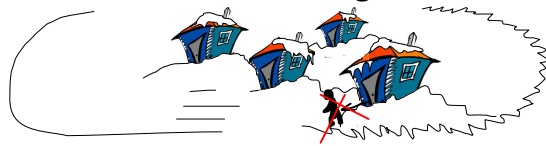

2. L'année a été dure.

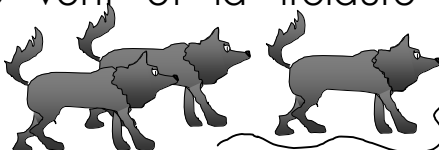

Le vent et la froidure

L'hiver a été long.

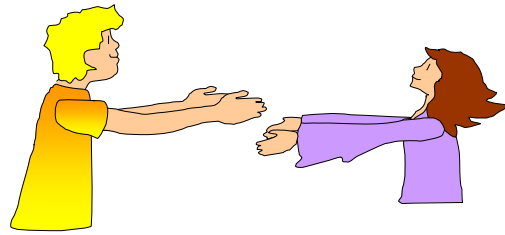

Nous gardaient aux maisons.

Même les loups rôdèrent À l'entour du hameau.

Allez mon troupeau

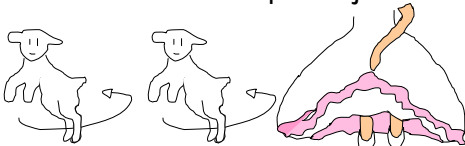

3. Encore quelques semaines et je vais retrouver,

La fillette que j'aime.

On va se marier.

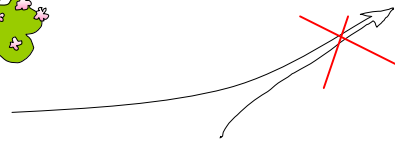

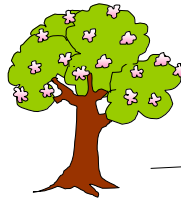

Danseront dans ses jupes

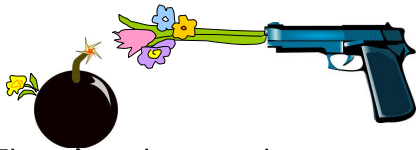

tous mes jolis agneaux.

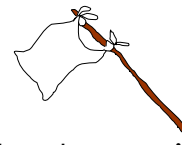

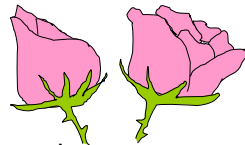

Refrain

4. Ce soir, la lune est belle. Le printemps n'est pas loin.

Fleuriront sur les guerres

les roses de la paix.

Puisque nous serons frères dans ce monde nouveau :
